The Torch

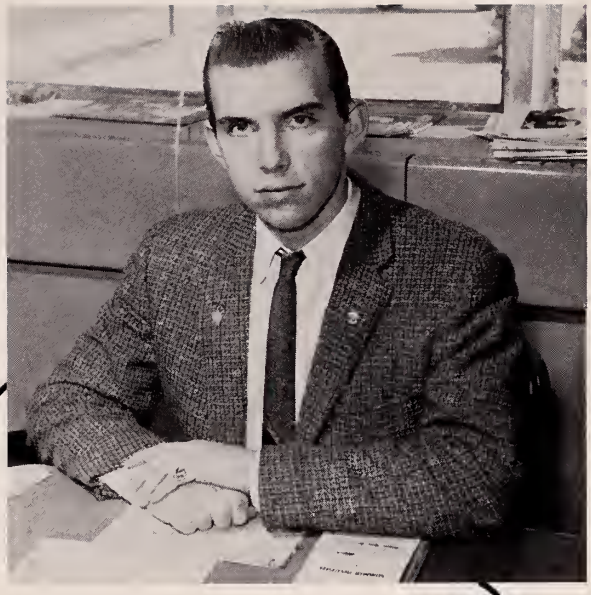
1959

Dedication

He was a man who so faithfully served the Methuen school system for over 30 years. During these years he competently filled the positions of baseball, football, and basketball coach; English, general science, and physical education teacher; and was the driver education director of Tenney high school at the time of his death.

He was liked and respected by all who were in anyway associated with him.

Therefore, we, the senior class of nineteen hundred and fifty-nine, respectfully dedicate our yearbook to the memory of Ernest Ramsbotham.



During the past four years we—the class of '59—have participated in many school activities and social events. However, our memories will gradually grow dim as the years pass. Therefore, to restore an image of our happy years in high school, "Torch" presents an overall picture of these past occasions. I would like to extend my sincerest thanks to the staff and all who worked so long and enthusiastically to produce this yearbook.

Vincent Bolis
